MEMORANDUM FOR: Project Security Officer

20 December 1956

SUBJECT : Air Force Processing Unit, Adana

REFERENCE : Memorandum for Project Director, dated 13 Dec.
1956, from Project Security Offr (SAPC-11589)

1. I understand the referenced memorandum is your comment requested by me on the proposal to establish perfectly openly a regular Air Force Recce-Tech unit at Adana to which the take from tactical units would be clandestinely transferred for local processing. If I am correct the memorandum will be useful in the event this proposal is ever revised. I assume that your objections to such a plan (which I fully share) do not apply at least to anything like the same degree to the arrangement now in process of implementation. If I am wrong, perhaps you better let me know.
